

# POD Support Groups

Free to Join!  
All Welcome

## What is POD?

'POD' is a local parent support group open to parents and caregivers of children with any degree or type of deafness

## Benefits to parents?

Raising a child who is deaf or hearing impaired provides unique challenges and rewards. Often it can be helpful to connect with other parents who can relate to your experiences. Even though stories are unique and the journey is individual, parents share the experience of wanting the best for their child. Whether you are just at the beginning of your journey or have many years experience, POD is a great place to meet.

- \* Provides opportunities to meet other parents
- \* Offers information sessions
- \* Allows parents to share experiences at a regular venue every month
